And because in the foundations of this world everything is encompassed, limited and regulated by hours, it was decreed that there should be no clock or dial at all, but that affairs should be conducted according to chance and opportunity. For Gargantua said that the greatest waste of time he knew was the counting of hours — what good does it do? And the greatest nonsense in the world was to regulate one's life by the sound of a bell instead of by the promptings of reason and sense. — Francois Rabelais, 1534

Everett Reynolds

Such that it is sad
We must say goodbye
The time forever ending
But forever going on.

SHADES OF TIME

When we were young
Life was mostly all fun,
Like the warm, fresh Spring air
We didn't have a care,
Our lives were so simple,
Just like the rain
That comes in April.
Every day was a happy day
That blossomed like
The flowers in May.

Then we grew a little older
And our lives became somewhat bolder.
We felt a little less at ease
But we still had our freedom to run
Just like the Summer breeze.

But life can't always be that way.
It changes like the leaves.
Life becomes somewhat complicated
Like the many colors in the trees.
Even though our lives aren't as simple
We have no complaints at all
Because life is still beautiful
Like the reds, oranges, and browns of Fall.

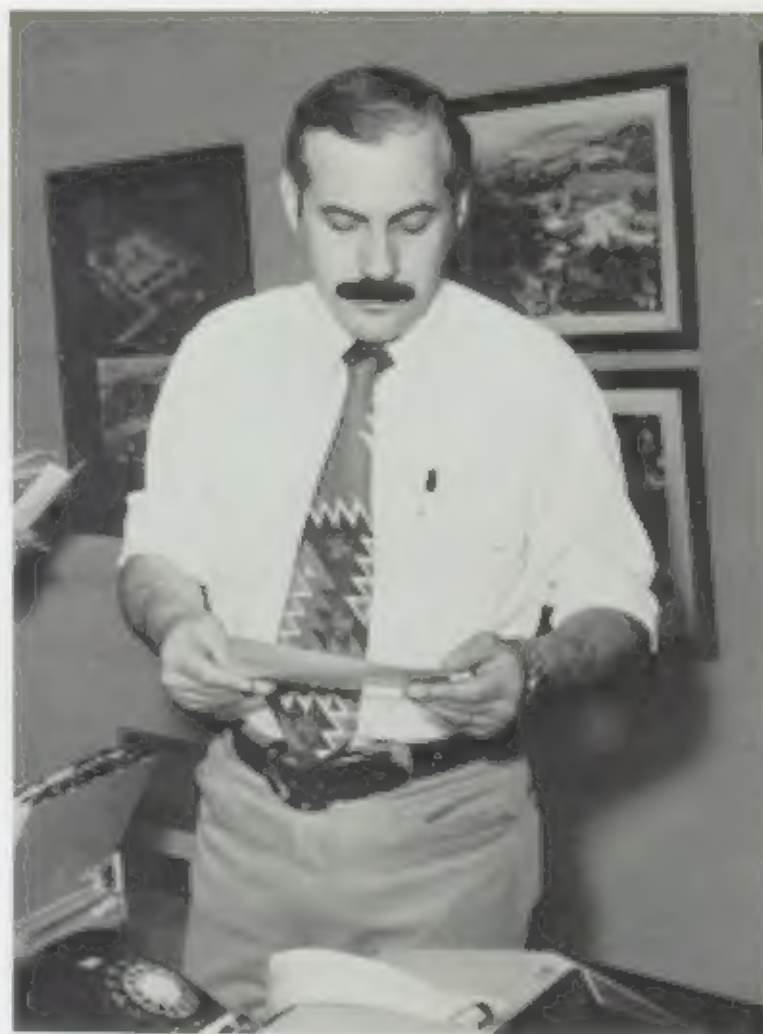

As we grow older
Life can be hard and cold
Like the windy Winter skys
And the long icy snow-covered road.
But if we keep our chins up,
Smiles on our faces,
And hold love in our hearts;
Spring, Summer, Winter, and Fall
Will all be the same
And no one can tear them apart.
We'll have them all!

Mr. Kenney

Mr. Donald Kenney's Immediate Interest as Superintendent of the Ovid-Elsie Area School District is to coordinate all parts of the school district and to make sure that the policies of the Board of Education are carried out. He also plans where the money comes from and with the staff and the Board determines where it goes. He also helps keep the public informed and helps set directions for the changes necessary to have a good school district.

Mr. Kenney graduated from Wayne State with a Bachelors of Arts Degree along with a Masters Degree. He is presently working on his Doctorate at MSU.

Mr. Lentz

Mr. Blaine Lentz, Principal of Ovid-Elsie High School, is looked upon by those affiliated with him as a merit to our school. His numerous jobs include coordinating the network of activities, meeting problems as they arise, maintaining a high academic quality and scholastic standards. He also strives to provide Ovid-Elsie students with a balanced curriculum.

Mr. Lentz graduated from Michigan State University with a Bachelor of Science Degree and also received his Master of Arts Degree from M.S.U.

Mr. Case . . .

As Assistant Principal, Mr. Bill Case has a lot to do with what goes on around Ovid-Elsie High School. Among his many responsibilities is that of regulating activities happening throughout the year. Mr. Case checks absences and tardies to help prevent students from being delinquent from school. He also meets with students and faculty to discuss any problems that may arise.

Mr. Pope . . .

Mr. Russell Pope: Guidance Counselor; B.S. Education; Central Michigan University.

Mrs. Boron

Mrs. Sarah Boron: Director of Guidance; B.A. Social Science; M.A. School Counseling; Albion College; Michigan State University.

Board of Education

The Board of Education is elected by the people in annual elections. The seven members of the Board oversee the operation of the school district. It is through the abilities of the Board that the best possible education for each student is attained.

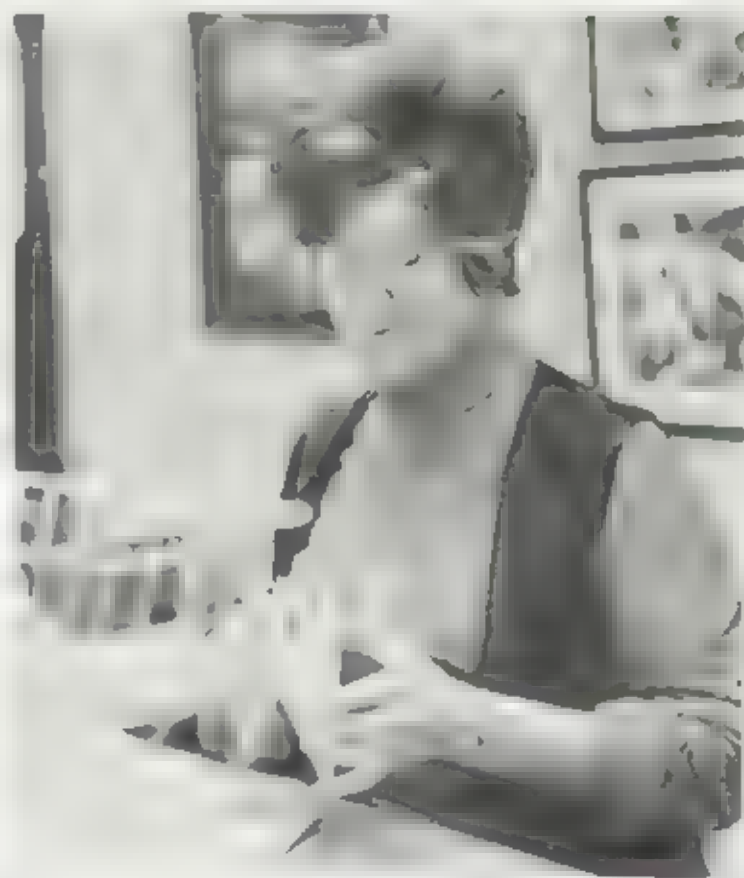

The Board meets every third Monday evening to discuss the latest issues in our school district. They are responsible to the state for some policy making, for approval of new personnel, and for the approval of budgets and expenditures.

FALL

Autumn is a time
of shadows in my heart
and days of passing days
and nights and passing time
The falling leaves are witness
to the heart's true state
and my eyes remember
the heart's true state

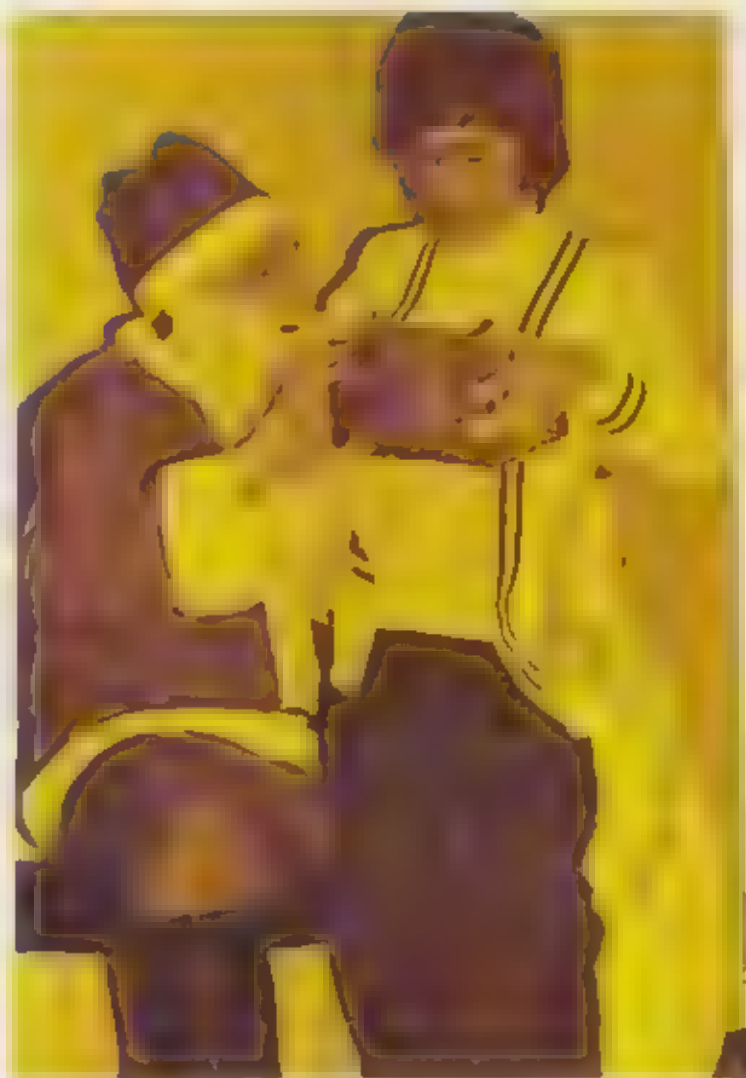

Open up your eyes and see the brand new
day
A clear blue sky and brightly shining sun
Open up your eyes and hear the breezes say
Everything that's cold and gray is gone
Open up your hands and feel the rain come
down
Tast the wind and smell the flowers sweet
perfume
Open up your mind and let the light come
in . . .
The earth has been reborn . . . life goes on

Do you care what's happening around you
Do your senses know the changes when they come
Can you see yourself if reflected in the seasons
Can you understand the need to carry on the tapestry of all there is to
see so many ways

The 1974-75 Varsity Basketball team compiled one of the best records in O-E basketball history, 14-9. There were many highlights and disappointments, such as, double wins over Chesaning which kept them in contention for the league championship, and the double overtime loss to Swan Valley which cut us out of a tie for the championship and the loss to Hemlock in the final district game. Two players made the MMB All-League team, Jack Bashore and Dave Groom, Paul Case was listed as honorable mention. Many records were set for O-E this year--Bashore had the most points scored by an individual in a career, 1004. They also had the best field goal shooting team with a 40.8% average. Ted Gelger took the field goal percentage as an individual with an average of 52.2%. Awards given at the annual banquet were,

Wrestlers Have Another Great Year

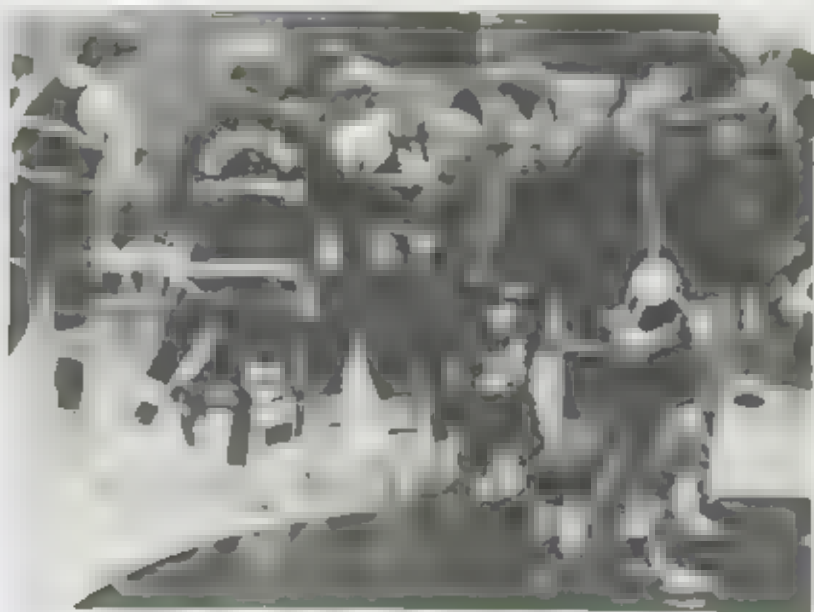

The wrestlers finished the season with a 6-0 mark in the conference which gave them the championship for the fifth year in a row. They ended the season 8-5-1 overall, with a team composed of mostly underclassmen. Leonard Mitchell was the only one who went to state. He won two matches but competition was so fierce he failed to place. Overall, it was a great year for the wrestlers.

Dave Maag breaks his own school record in the Pole Vault with a vault of 12 ft 6 in.

A Record Breaking Season for the Track Team

Tim Doyen, just a sophomore at O-E, broke Keith Nelson's old high jump record with a jump of 6 ft. 2 in.

The O-E Track team finished 4th in the league with a 3-3 win-loss record and an overall dual meet record of 9-3. They were 2nd at the annual O-E Invitational behind Alma. Also a strong 2nd in the Clinton County meet behind front runner Bath they were 5th at Regionals and 8th at the Tecumseh Relays. There were five guys who qualified for state competition. Ted Geiger qualified for the hurdles but didn't place, even though he broke the school record that he had previously set. Tim Doyen tied 9th in the high jump with 5 ft. 11 in. And the mile relay team of Mark Smith, Brett Welton, Doug Long and Ted Geiger placed 12th with a time of 3 minutes 29 seconds which is a new school record.

Heading in the Right Direction

The O-E swim team put forth a lot of hard work and effort and have steadily improved throughout the year. They ran into some stiff competition this year so they didn't do as well as they had expected to. Next year their experience should begin to bloom out into the open because they are only losing two letter winners. With added experience, next year they should be able to "pool" their talents, and surface with a winning season.

Trackst'her's

What a fantastic season for the girls track team! They started out by tying with St. Louis, then won the rest of the dual meets to finish in a tie for 1st place with St. Louis. Then at the league meet they took third to give them 2nd place overall.

While almost every record was broken for the girls, two girls went to state meet. The two girls were Peggy Craig in the 880 and Jane Kirby in the 440. They both took 6th place at the state meet.

Seniors Fought Hard . . .

After weeks of practice, the Seniors and Juniors were ready for the game to begin. The Seniors were confident they could win and the Juniors were sure they could pull an upset. To the Seniors dismay, the latter prevailed. The Juniors came out on top with a score of 14-8. It was a close game all the way and it never lacked excitement. Both teams played well and they all had a good time.

“75”

Homecoming again this year was a week filled with many activities. The Senior and Junior girls paired off in the annual Powderpuff game. It was held on Wednesday; the Juniors were victorious. On Thursday, the traditional burning of the "M" highlighted the festivities. The week was rounded out with a football game on Friday and also with the crowning of the King and the Queen.

The Marvelous Marauderettes

The beat goes on here at Ovid — Elsie, and our Marauderettes helped create that beat. They were very busy this year with cake raffles and dances at every home BB game. They attended a clinic with the cheerleaders and helped win a spirit award.

A Collage of Talent: The Art Club

Dan Strugis-President, Suzanne Winkler, Jan Anderson-Vice President, Donna Ladiski, Helen Blakely, Miss Smith, Eugene Montague.

The Art Club had a busy schedule this year as they were involved in many projects. Once again to keep up school spirit they sold Marauder license plates. They also had cake and pie raffles which helped to pay for their trip to an art museum. The club rounded out a busy year by making background pictures for the FHA regional meeting.

Student Council Sparks Spirit!

Sitting L-R: V. Moore, Vice-President-D. Pumford, E. Kellerman. 1st: C. Kirnovic, M. Horack, E. Halta, B. LaFountain, K. Green, N. Latz. 2nd: J. Reynolds, W. Swender, M. Latz, T. Bolton. Insert: President-P. Heinz.

When people say student council, what do you think of? Is it the activities they sponsor like the 1950's Day or the hypnotist, or is it all the bands they bring to the O-E area? Well whatever the O-E students desire, the student council tries to fill their needs and they are always open to suggestions.

English: A Language for All Time

Today, English classes have expanded beyond the familiar grammar, literature, and composition studies. It has become a much broader and fulfilling course of study. Recently, English has come to include subjects to expand the average students reading, reasoning, comprehension, and speed abilities. New classes on the agenda are, Novels for Young Adults, Science Fiction, Developmental Reading Lab, and Yearbook.

P-E classes are among the favorites with many students at O-E. It is a required class during the freshman or sophomore year, yet, often there are many juniors or seniors in the classes. Perhaps its popularity is due to the magnetic personalities of Miss Anderson and Mr. Maidlow.

Art!

Art is possibly the most creative class offered here at Ovid-Elsie and many students take advantage of the opportunities offered. Fields of study range from color wheels to self-portraits. Art allows every student to delve into their imagination and let their creativity emerge in the form of painting, sketching, or sculpture.

Music is the international language. When speech is a barrier of communication between people, music can be the courier of the message. At Ovid-Elsie, the theme in concert preparation and performance is communication. We have at the school a hundred-piece band, a choir, and Madrigal Singers. The music program is geared in two directions, that of performance and that of student education. There is even a place for our foreign exchange students who are talented and educated in any area of our music program may participate.

Science: Fiction or Fact?

Math Anyone?

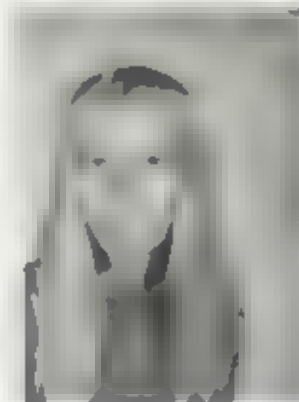

The science department here at Ovid-Elsie has a wide range of study. For those interested in their relationship with the environment there is Environmental Science. And there is Earth Science available for those interested in the physical world around us. Biology is for students interested in the origin, physical characteristics and life habits of plants and animals. The more difficult classes include Chemistry and Physics.

Some of the more challenging classes at Ovid-Elsie are the math related courses. Rating with the Pythagorean theorem, is geometry. A little higher on the difficulty scale is trigonometry. All in all, there is a course to match the needs and abilities of every student.

Home Ecology

Home Ec classes help prepare young people for the responsibilities of the home. Students usually start out with Home Ec I and II. These classes are based mainly on consumer rights, good grooming habits, food, nutrition, child growth, and the basics of cooking and sewing. If students wish, they can take more advanced courses which concentrate on a certain area of Home Economics. These include: Home Furnishings, Foods and Nutrition, Child Development, Clothing and Textiles, and Home and Family Living.

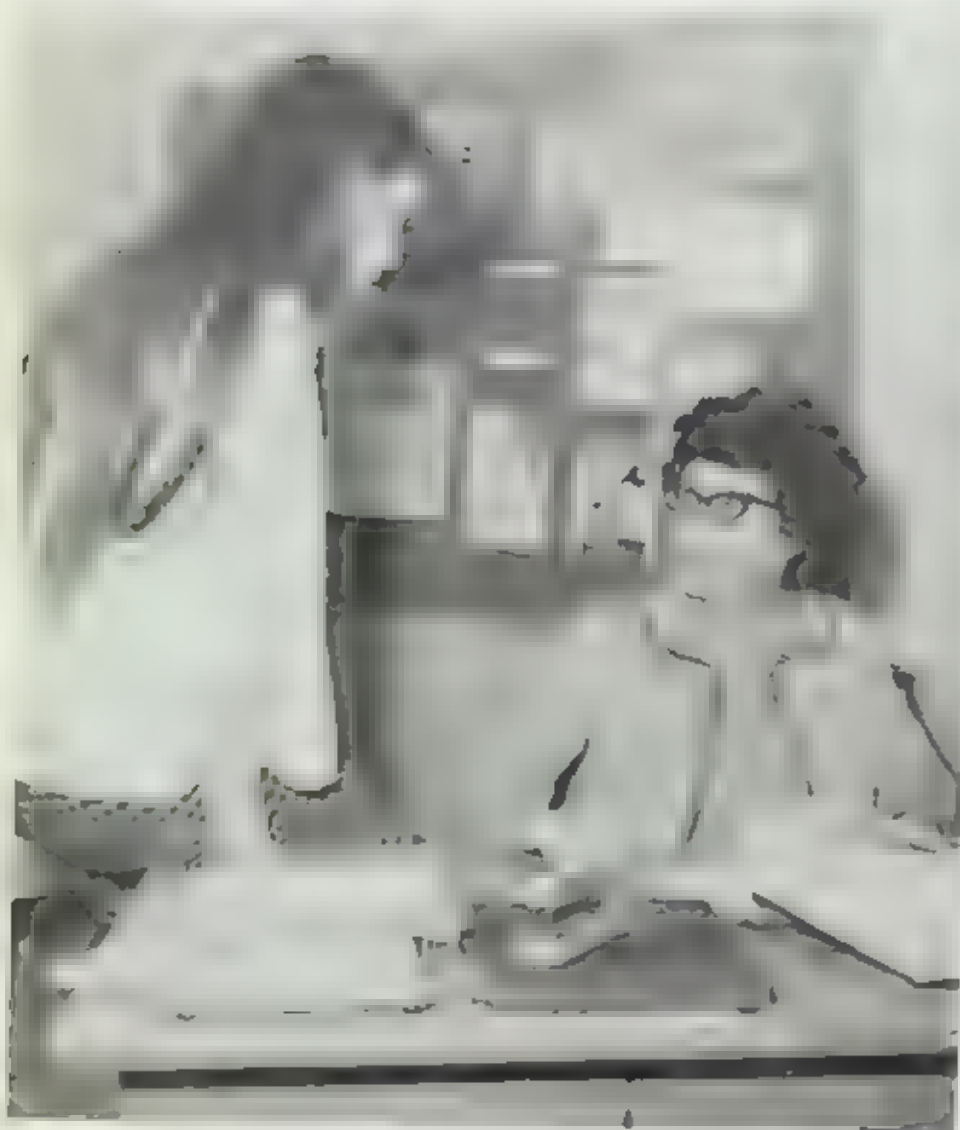

¿Comprendes Español?

Mr. Donald Barlow

Spanish is the only language taught at Ovid-Elsie. Students learn to read, write, speak, and understand the language by means of tapes, records, textbooks, movies, filmstrips, and speeches. Spanish I gives students the basic ability to read, write speak, and understand the language. Spanish II provides further experience in using the language. And Spanish III is directed at perfecting a students abilities in understanding and speaking the Spanish language.

"They Put It All Together"

Industrial Ed teaches the mechanical and technical skills used in industry. For students planning to pursue an electrically related vocation, O-E offers Electricity and Electronics. The Shared-time program offers Auto Mech and an advanced program of electronics. Students interested in construction might take General Industrial Education, General Drafting, Metal Tech I and II, Wood Tech, Architectural Drafting, Mechanical Drafting, and Draft Occupations.

Mr. Drouin, Mr. Hoshield, Mr. Peters, and Mr. Furstenau.

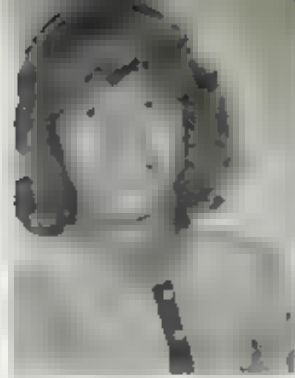

Move Closer to Your World

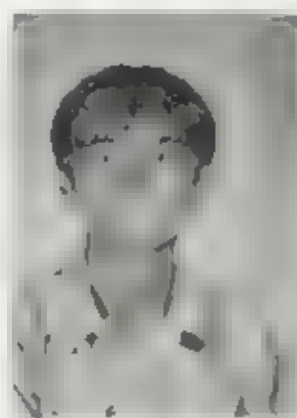

Social Sciences broaden ones knowledge about the national and world surroundings concerning the past, present, and future. U.S. History, a course required for all juniors, is designed to acquaint the student with the History of America. Gov't and Problems is required for all seniors. One semester is spent studying the organization of our governmental structure at the state, local, and national levels. The remainder of time is spent dealing with many social problems of the nation and world. Other Social Science courses are World Geography, World History, Latin American Studies, Economics, and Sociology.
